Level 2 Charger: _____

EV Make and Model: _____

As part of this agreement, MTE requests that you set your default EV charging schedule to take place primarily overnight when convenient.

Yes, I agree to this MTE may need to assist me with this

I understand and agree that MTE is providing a credit on my electric bill for the installation of a 240 volt plug and wiring to support Level 2 EV charging at the above address. In return, I agree to have said plug and wiring installed at the above installation address and to allow an MTE representative to verify the installation. (In the event said plug and wiring is not installed at said installation site, the participant agrees to pay back the incentive amount through the electric account billing.)

MTE assumes no liability or responsibility for the installation of the plug and wiring. MTE makes no express or implied warranties or representation whatsoever concerning the fitness, suitability or condition, and MTE expressly disclaims any such warranties or representations. Any warranties or guarantees relating to the installation of the plug and wiring are limited to those provided by the contractor installing it or by the manufacturer. It is the homeowner's responsibility to adhere to any applicable electrical codes.

Note: You must submit your signed and dated original receipt for the installation with this agreement in order to receive your credit, and the agreement must be submitted within six months of the date on the receipt to receive the credit. A copy of your receipt can be provided for your records.
