

Home Energy Rebates¹

MTE and TVA have partnered to provide rebates to members through qualifying home energy efficiency upgrades. This program is designed to help you reduce energy consumption by improving your home's efficiency, save money on installation costs and make you more comfortable year-round. The rebate offerings for 2025 are listed below:

HVAC SYSTEM

Geothermal Heat Pump ²	\$3,000 per system
Mini Split - 17 SEER2 or higher ²	\$800 per system
Heat Pump (air source or dual fuel) - 17 SEER2 or higher ²	\$800 per system
